SIYOL INTERNATIONAL (PTE) LTD

Bound together by mutual trust and a common ideology of doing business with a 'human touch', the team embarked on a mission of making a difference in business. Today the organization is a leading International Trade and Engineering Service Provider dealing in a wide variety of activities entailing Radiation Oncology Equipment, Marine Equipment & Spares, Telecommunication, Funding Projects and Renewable Energy. In addition to the delivering quality products they also undertake after sales service and other repairs of similar products.

We are the exclusive agent in international territory for some of the world's leading brand names and work closely with a number of state organizations as their main supplier. Each one of these areas of activity is headed by one of the Directors, who are well qualified and experienced in their respective fields. The success behind the organization has been its ability to provide high quality products & services, a dependable after sales service, and value addition by way of innovative inputs. The element of "humanity" has always remained within the organization and has been a source of inspiration in all its activities. Now SIYOL is not only a leading business icon but an inspiration to mankind itself.

Sanath T Perera
Chairman
